### DISTINGUISHED SERVICE CROSS FOR KENTUCKIAN

After defying heavy enemy fire by crawling out over No Man's Land, Pr. vate Walter Porter, of McRoberts, Ky. captured a machine gun nest and killed our members of the crew. For this service he has been awarded a Distinguished Service Cross, which was ived by the Lexington army recreiting office to be forwarded to him

The citation follows: "For extraordinary heroism in action at Bois d'Harville, France, November 10. 1918. He volunteered and crawled out in the face of heavy enemy fire to attack a machine gun nest. He killed the four members of the enemy crew, inspiring the men serving with him by his example of heroism."

HERBERT THOMPSON KILLED.

The following is from the Hunting ton Herald Dispatch: Word reached Huntington that on Friday Rual Farley, son of Will Far-ley, a prohibition officer who was murdered in his home late in the summer had shot and severely wounded Charles Spry, but lately acquitted of his father's murder, and killed on the spot Herbert Thompson, supposed to have been directly or indirectly concerned

in the feud. The trial of Spry, one of the most bbornly contested and exciting held in Logan-co., in years, was but lately ded, and he was acquitted of the charge of having been one of the men who invaded the home of Will Farley, a deputy prohibition officer when the officer was murdered in his bed. The murder of Farley created a big sensa-tion not only in the immediate Hart's ek district, but throughout the crime, and the fact that an effort was being made to break up moon-shining in a field said to be extremely

was implicated chiefly by th fact that Rual Farley claimed at the time to have recognized him and to have cried out calling the names of some of the men in the invading party.

Young Rual Farley assuming that justice had miscarried, and that the man he believed to have been the murderer of his father was being permitted to go free, took the matter into his own hands and attempted to even the score by killing Spry.

## STREET PAVING BOND OIL WORK IN THIS ISSUE CARRIES BY LARGE MAJORITY

At the election last Tuesday a proposition authorizing the issue of \$150,-000 in bonds for paving the streets of of 123 to 10.

This is a very complimentary result, showing the progressive spirit that has taken hold of Louisa citizens.

The city is entirely out of debt and has a nice sum in the treasury and due from taxpayers and a bonded ex-mar-shal. The total of these sums amounts to almost ten thousand dollars.

The bond proposition contemplates paving Water, Main Cross, Jefferson and Lady Washington streets, and

all the main streets in the city.

Rapid strides in the development an overwhelming majority. The vote of the oil industry has been made in in the upper ward was 44 to 1 and in the county in the last few months and the lower ward 79 to 9, making a total reports show oil men throughout the country are becoming interested in the future possibilities of development.

There were three completions in this county last week. New Domain No. 3 is pumping 12 barrels, the Union Gas & Off Co. No. 1 on J. H. Gambill is good for 90 barrels, Dr. V. V. Adkins No. 1 on Con Rice was shot and shows up fine and is estimated to be good for 30 barrels. 100 barrels were pumped after the shot. Wellman and Adams No. 1 on the Emily Morris got a nice Perry, Main, Madison and Franklin show at 650 feet in the Big Injun. The streets, and Lock avenue. This covers operators are going on ahead to the operators are going on ahead to the Berea and shoot the Injun sand well, when it is completed.

There are 40 rigs drilling in this county at present and new machines arriving almost daily. The Ohio Fuel have 13 strings working; New Domain Louisa has never before taken such six; Union Gas & Oil Co., five; Big a long step forward. The bonds will Blaine Oil Co., three; West Virginia Oil & By-Products Co., two; Omar Oil Co., one; Wellman and Adams, one; V. V. Adkins, one; F. H. Yates, Moore and others, one; Cumberland Pet. Co., two; W. A. Sparks, one; and other parties, three.

Several large companies and individuals have obtained acreage in this county within the past few weeks, including the Carter Oil Company, the Ohio Cities Gas Company, the Rex Oil Company, the Wiser Oil Company, the Fischer Oil Company, the Omar Oil Company, the Pyramid Oil Company, some of the individuals are John Slagle, Norwood Johnson, B F. their men in Louisa seeking locations to build supply houses on.

A large part of the county is leased up and new oil men are coming in every day. Excitement at present is being centered on the Adkins well on Con Rice farm as this new strike opens up the Martha field to a larger extent. Seven new drilling rigs arrived in Louisa last week and it is understood that there are 25 on the road into Lawrence county. Heavy rains have hampered the work to some ex-tent. The Cumberland Pipe line to Martha 's connected up and some oil has been run. On account of their pump at Martha being broken the marketing has been delayed.

### WILL TEST IN MAGOFFIN

Soble and others, operating near Salyersville in Magoffin-co., have a rig on the ground, and are ready to spud in for a test on the Pitt Whitten tract on Painters' Lick branch of Little creek in this county. Carson and others will have breakfast ready by the time I got drill a well on the Brushy Fork of Lick back, would jump in my tin lizzie and creek, southwest of the Bed Rock Oil go to the county seat and back for my breakfast, and then put in a full day's latter company is moving back to the work. So you gan see what it means the Disciples of Christ recently held in Milt Wheeler farm to drill a second well. The Browning Petroleum company, which owns a half interest in the Phipps tract will drill a second well on this property. Prospects for laying a pipe line into this section are good.

The Bed Rock Oil company has plugged off the salt water at the initial well on the Jim Arnett tract and has 400 feet of oil in the hole. This well is showing for about the same as the Forks well. Slade and others, operating at the initial location on the John Blanton farm near Bloomington in Magoffin has some show of gas They are going to shoot the well to try and straighten the hole so they can drill on to the Cannel City land. The Kenton Morgan Oil company, operat-ing near Caney, will shoot the third well on the Howard and Nickelle tract to try and make a producer of it.— Lexington Herald.

Just a few words to my friends and relatives in dear old Lawrence county. I picked up the Big Sandy News last week and saw that the people of Law-rence had waked up and had made one wise step toward prosperity. I left my home county about ten years ago and every since I left there I have been paying hard road tax, and I will assure you it is pleasure for me to do so, and after the 20th day of December I hope to pick up the dear old paper and read where I will have the opportunity of paying hard road tax in Kentucky.

Just stop for a moment and think how much more our land will be worth if we only had hard roads. Just one little instance happened here with me. Our county seat is 20 miles away and lots of times I have told my wife to have breakfast ready by the time I got work. So you can see what it means

to you. I am further proud to say that the people of Lawrence county have the looks and brains, but sorry to say that they have no roads. I would like very much to make Lawrence county my home, but I will assure you that I could not be satisfied there on account of the conditions of roads. You know yourself it is the nearest and deares to me of any place in the world, as I was born and raised there and have s many good friends in the county.

Hoping I will have the pleasure reading in the paper where hard roads has carried unanimously and hoping you all luck and prosperity, but Boost for Hard Roads. Yours very truly,

## **COAL STRIKE IS UP AGAINST LAW** AND PUBLIC WRATH

Court Injunction and the Army Brought Into Play to Save the Nation from Cold and Hunger in This. Hold-up.

Union coal miners in four States struck last Saturday for sixty per cent increase in wages, six hours to con-stitute a day's work, and five days to

be called a week.

The United States government immediately shipped soldiers to various points and an injunction was issued estraining the officers of the United Mine Workers from taking any part whatever in the strike, or from paying out of their treasury any money to strikers for their support during the strike. This has stopped them so effectively that if the injunction is made permanent the men will be glad to return to work very soon. The injunc-tion proceedings will be heard in court

at Indianapolis Saturday.

The U. S. Attorney General charges that the strike is illegal.

President Wilson denounces it as illegal, unjustified and immoral, and e is taking every step possible to end the outrage. Public sentiment was never so bitter against strikes as it is at present.

Both houses of Congress have almost unanimously adopted a resolution in-dorsing the action of the President and other officials. Only the traitor La-Follette opposed it in the Senate.

One Senator declared it was time to

put an end to methods that permit 500,000 foreigners and traitorous natives to force 109,500,000 citizens to their knees upon threat of freezing and starving them to death. It sounds encouraging to hear such timely words coming from Congress, where hereto-fore the fear of the labor vote has caused the politicians of that body to permit anarchy to have free rein in

At present rates of pay coal miners who will work can make from five to twelve dollars per day. The best class, the loyal American citizens want to work steadily, but the strikers in this and other lines make it impossible. Railroad strikes stop the miners. Mill strikes stop the demand for coal. Marine strikes stop the export trade. And so it goes. The laboring men cut their own throats at a time when they could be more prosperous than ever before in their lives. The agitators and organizers are the only ones who prosper on strikes and if the government will stop their salaries by injunction, or if Congress will pass laws to stop them, these troubles will pass away.

The high cost of living would soon disappear if every man in every line would work nine or ten hours a six days in the week. Produ week. Production would catch up with the demands withbefore, because wages are higher than ever known. It would also eliminate the argument that we must bring foreigners in here to do part of our work. the people here is what is causing high prices and shortage of everything.

### PERILOUS TRIP OF KENTUCKY GIRL IN THE FAR EAST

Flemingsburg, Ky.-Miss Georgia Watts, of this city, youngest daughter of Mr. and Mrs. John T. Watts, has won considerable distinction in the Far East as a Red Cross secretary. Miss Watts went to France during the war and served on the clerical force. After the close of the war she went to Con-stantinople. Word has been received: of a thrilling adventure, when she rode: the Rumanian mountains from Bucharest to the American Red Cross hosbreak of typhus in Rumania demanded an immediate consignment of medicine and surgical supplies. Miss volunteered to make the trip. She had placed her supplies in small cases, and having them tied to the top of the car mounted the car, where she clung as the train went over a rough mountain trail and through tunnels. She arrived safely at her destnation.

### MODERN VICES PICTURED.

The following is from the Commercial Appeal of Memphis, Tenn. Dr. Williamson is the son-in-law of Judge R. T. Burns, of Louisa, and has for several years lived in Memphis:

A brilliant and beautiful word picture, as a comparison of the modern vices and dissipations, was painted yesterday morning by Dr. C. H. Williamson, pastor of the First Presby-terian Church, in his morning sermon as a plea for the halting of the onrush of the world toward these pleasures.

He took his comparison from a work of art in an European gallery, and said

'In one of the galleries of Europe saw a picture which profoundly im-pressed me," declared Dr. Williamson. It was a street scene in a great city. Throngs of people were upon the thoroughfare. It was night. The brilliant lights revealed the passing show. There were the expensively gowned and be jeweled women with their escorts, bent on pleasure—before the night is old they will have tasted of the cup whose mixture is deadly and whose dregs are bitterness of heart.

"Here are the toilers, men and wo men whose bent forms and pale faces tell the story of their struggle for life. There are the pitiful wrecks of humanity, men and womn who have be come the slaves of passion and dis-honor, drunkards, harlots, thieves Children are there, the children of the street—whose pinched faces and ill clad bodies speak of neglect and bru-The back ground is the nightnight that reaches far beyond the lights of the streets into the illimited future. MADE IN LOUISA THURSDAY

Mrs. Desha Breckinridge, of Lexington, spoke at the court house in Louisa on Thursday of last week to a good sized audience. Her subject "Women, Our Future Citizens." She is a very fluent and pleasant speaker. Miss Edna Beveridge, of Baltimore, well known suffragette, was with Mrs

The speaker said the question is no of whether women would vote. but of how they would vote; whether they would be manipulated by political posses as other ignorant voters have been or whether they would form an intelligent and conscientious addition to the electorate who would better conditions in our state and lift public affairs to a higher plane. She sketched briefly the world movement for woman suffrage which is now everywhere reaching its culmination.

She spoke of the war victories and quoted Lloyd George to the effect that England could never have waged successful war without the help given by her women. In England a million and a half women took the places of men in industry. In France a million wo-men worked in munition plants and "Across the dead ages, Jesus Christ England and Canada gave full suffrage speaks as of old to this unhappiness to their women during the war, so labor and are heavy laden and I will speaking people in the world except rden is light.' have granted women suffrage. Already seventeen states have ratified it; seven There is no other. He alone has the gift. Shall we receive it?"

| Shall we receive it?" | legislatures called for the purpose. | Kentucky will have an opportunity to ratify it at her next legislature in January. Both political parties carry ratification planks in their platforms. Mrs. Breckinridge called on all pat-riotic men and women to aid the coming of Democracy in this state by aiding ratification.

Mrs. Breckinridge showed that the interests of women as voters are similar to what have always been the in-terests and concerns of women. that they busy themselves with matters of education, of health and morals and with the welfare of children. pealed to the women of Kentucky be cause of the special needs of our state in education and health, as shown by recent survey of conditions in Kentucky made by experts sent by the national child labor committee to prepare themselves to use well the new power that will soon be put into their

### MY EIGHTY-SECOND BIRTHDAY.

Another birthday comes to me The Lord has brought me safely thru; Last year my age was eighty-one This year finds me eighty-two.

The Lord has been my constant shield Has been my help, day after day, And when I go to Him in prayer He rolls my burdens all away.

I've had some trials along my way. Some conflicts in the year that's past I'm trusting God who never fails, To faith I'm holding fast.

I've had some gloomy days And wrestlings through the night; In fighting that I thought was wrong And struggling for the right.

The Lord has witnessed all my days And worries through the night; It's He alone that fully knows Whether I'm wrong or right.

The Lord I know will be my Judge When that Great Day shall come; I'm pressing on that I may reach At last my Heavenly Home. -J. F. HATTEN. Buchanan, Ky., Oct. 15, 1919.

## A Word About the Fresh Meat Business

We feel justified in asking for the patronage of the people of Louisa and vicinity in the Meat line because we conduct the business all the year around. It has been the practice here for many years for one or more persons to engage in the fresh meat business during the more profitable season and drop out when warm weather comes with reduced demand for meat and with the heavy expense for ice, etc.

When the price of cattle dropped recently we reduced the price of meat accordingly. It is our intention to treat the public right at all times and to give the best service possible.

We also carry a good line of Groceries and will appreciate your patronage.

The War proved the value of bread. It was white bread which helped make our soldiers the finest in the world.

THER foods have their value, but it is Bread which is the real man's food and it is truly the staff of life. But there are differences in Bread. Some Bread is more wholesome than others. You have missed Lobaco Bread. You have found it different from other Breads. There is a reason. Lobaco Bread

is made at all times with a blend of three flours from as many different wheat sections.

We never use a substitute. Every ingredient that goes into Lobaco Bread is the best that money can buy. Why we even use butter, because it makes it richer and Bread which keeps better.

We will be baking again November 1st. You will begin to buy this Bread then. When you do, always demand the fifteen cent loaf, because it is the economy loaf. When you place a small piece of dough into an oven at a temperature of 450 degrees the heat is so great that it "dries" out as fast as it bakes out. The result is an unbalanced loaf of Bread. The heat resistance in a fifteen cent loaf is equal. It is the heat belonged Bread and the state of the load of fifteen cent loaf is equal. It is the best balanced Bread on earth. Do not buy a small loaf when you can get a large one. Try this experiment yourself and see which will keep better after you cut it. You will find the larger loaf will keep twice as long.

Watch for the Lobaco Bread signs. Come and go through our plant. We have something to show you which will make you our permanent customer.

See that there is plenty of Lobaco Bread on your table

## **DODSON WARNS** USERS OF CALOMEL

Says Drug Acts Like Dynamite on Liver and You Lose a Day's Work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grewn folks can take Dodson's Liver Tone, because it is perfectly harmless.

Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than florrible calemel your mensy is waiting for you.

## Cordiality an Aid to Good Service

The duty of your switchboard operator is to answer your calls promptly and accurately and to help make your telephone service as perfect as possible.

She makes you feel that she is not only rendering this service willingly but joyously. If she sometimes errs, it is only because human agencies at their best are imperfect.

Cordial co-operation over the wire with the switchboard operator who answers your calls makes it easier for her to serve you and adds to the agreeableness of telephoning.

## REBELLION IN STOMACH

"Pape's Diapepsin" at once ends Indigestion and Sour, Acid Stomach

Lumps of undigested food cause pain. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food—just take a tablet or two of Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the pain, acidity, indigestion and distress.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, harmless stomach antacid is Pape's Diapepsin, which costs so little at drug stores.

"I can honestly say that I owe my life to Peruna. After some of the best doctors in the country gave me up and told me I could not live another month, Peruna saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while plying my trade as auctioneer, it is only natural that I had colds frequently, so when this would occur I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part settled on my lungs. When almost too late, I began doctoring, but, without avail, until I heard of Peruna. It cured me; so I cannot praise it too highly."

was. Read it:

"I can honestly say that I owe my life to Peruna. After some of the best doctors in the country gave me up and told me I could not live another month, Peruna saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while plying my trade as auctioneer, it is only natural that I had colds frequently, so when this would occur I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part settled on my lungs. When almost too late, I began doctoring, but, without avail, until I heard of Peruna. It cured me; so I cannot praise it too highly."

### WALBRIDGE

Owing to the heavy rains a large mount of corn in this community

been greatly damaged and lost. The bridge just above the home of G. G. Peters is very dangerous and should be condemned. Another striking event, one of our rural carriers he makes his daily trip for he sometimes is unable to pass certain places in roads until he does this work. Who could vote against good roads? A good plan would be that each voter voting against roads should carry the taxation also work the 6 days as we now

have to do. Several attended the Hallowe'en party given by Misses Marie Holt and Jock See, although we were having plenty of rain. The guests were The guests were plenty masked. Miss Holt was a very efficient fortune teller. All departed having spent a very pleasant evening.

Mrs. Hubert Manly and little daugh-

ter, of Hardy, Ky., visited relatives here last week. Crit See was a visitor in Louisa last Saturday. Miss Emma Wellman and Mrs. E. F.

Clarke were guests Friday night of Misses Jock and Fannye See.
Miss Vessie Peters was the week-end guest of Miss Virginia Asche of Route

W. D. See and son of Kenova were here this week. Henry H. See was called to Beaver Creek Saturday to report for work in the telegraph office there.

G. G. Peters visited home folks and McKinley Graham and Hobart Smith attended the election, returning to his C. Ferrell, of Christian, W. Va., came Sunday for the election, returning

Tuesday.

## GRIFFITH CREEK

The sick of the lower section are but little better. There are two cases of flu and several cases of malaria.

Mrs. J. W. Harris, who was injured some time ago at Ashland while leaving

a train will be able to come home next The heavy rains of last week caused considerable damage on our creek. Corn was washed off, fences and roads

damaged to a great extent.

Mrs. Mary Sammons who has a canin the near future.

There seems to be some that oppose every move and act of our county of the coun Arch Thompson who was shot at from the Welch (W. Va.) he Thursday. He is doing fine and will soon be about.

C. Victor Back is home from War Eagle this week. Foster Pennington is very sick this week with inflammatory rheumatism.

Tom and George Chapman, of Ashland and Huntington respectively, were here for the election. Capt. S. Frazier (retired), who has been here visiting his sister, Mrs. Henry Lemaster, called on Rex Vaughan and family Saturday. Mr. Frazier who has seen many years service in the army, from Indian fighting to fighting Huns, recently retired and is soon

to go to California where he owns a fine ranch. Mrs. James McKnight, of Ashland, is here the guest of her parents, Mr. and Mrs. W. G. Pennington.

Mrs. Wm. Lowe is here from Pollard visiting relatives. Was glad to notice the intended bonding issue for the improvement of the streets of our little capital. Glad to know that Louisa is keeping in to know that Louisa is keeping in line to be an oasis along the Mayo Trail of the future. Wherever the writer has been he finds people with words of praise for Louisa, its shady streets and genial people. Now that a modern brick plant is to go in soon so near as to eliminate railroad shipment altogether situated as it is right on the gether, situated as it is right on the border of two great coal fields and bidding fair to become the hub of the oil industry of Eastern Kentucky, any one who can see anything but good in store for the Gem of the Mountains must be very pessimistic indeed.
